To whom it may concern:

Prior to working with Mr. Carlos "Q" Quinones I was aware of his reputation for outstanding service and "client focused" programs that allowed him to assist individuals in buying homes or refinancing and staying well within their ability to pay. This is what attracted me to the idea of having him be my preferred loan officer for all my clients.

In the last year of working with Mr. Carlos "Q" Quinones I have known him only to be professional, transparent and above board in any and all real estate transactions.

The services he has and does offer are always to the clients best interest. Furthermore, in all my many years in the Real Estate industry I have never seen anyone offer such a complete and comprehensive financial package to a client like Mr. "Q" does.

I recommend him to any and all individuals that want an honest, transparent and straight approach to buying, refinancing, or modifying a loan.
