

Dear Q Dog,

How do you know what is God's plan for your life?

What if your dream is what you wanna do + not God?

Do you have any type of information on Graphic Designs, Architecture, Interior Designs, landscaping.

I know where you were talking about I live in Queens Flushing. Your message really touched me even though I didn't drink except for holidays. I never smoked and I ~~didn't~~ skipped school alot (I went to John Bourne).

I also wanted to know if you ever hung out in Lefrak City.

But you really cool guy + I know you have touched alot of people.

Love always

Dawn ~~Dez~~

Changes

I once was trapped in a world of loneliness
strangled by the worlds bones
Friends of my old smoking + getting old.

Don't even miss the things I once behold.
Came to a place where God lives
Crying before myself of all ~~to~~ the tears
Bondage wrap around me like a mummy
Now there cut loose, and I can once breathe
again

I have been made whole by the grace of
God.

The changes in my life had made me
a ~~new~~ person.

I will never have to turn around to
the things I once burned.

Now I will look ~~to~~ forward to what
else God has in store

Bye
Down ~~at~~
