Mr. Carlos "Q" Quinones
On Q. Inc.

Dear Mr. Quinones:

I would like to take this opportunity to thank you for the wonderful work that you are doing. The commitment, the way you are concerned about the youth and the very informative yet personal manner in which you relate to them is really amazing. Although, my students range in age from 16 to 41, they are often times a forgotten population and the most in need of motivation and I want you to know that I appreciate you lending your voice and insight to them.

A week later I have heard nothing but praise from all of my students who attended the motivational workshop. You did a fantastic job of selecting thought provoking measures to engage my students and encourage them to continue to strive for their dreams. The students came away from the workshop with renewed enthusiasm for their work as well as their personal and professional goals.

The manner in which you presented yourself was greatly appreciated after having asked my students to dress up they were able to see the possibilities within themselves. The JobsPlus students felt honored that you would take time out of your schedule to speak to them about your life and successes. I am extremely impressed when someone can come in and hold the attention of my students, and they all agree it was worth every minute of their time.

I want to express my sincere appreciation to you for a successful workshop. I am sure the students will continue to benefit from your motivational speech even after they have exited the program. A job well done and I look forward to working with you in the future.

Sincerely,

Vashti Kelly
Program Coordinator
