

Dear Mr. Carlos Q,

We are more than happy with you and your services. At first when the agency asked us to call you we were scared. We felt that no one could help us, and they were just sending us to you to get rid of us. Then we met with you and your attitude and honesty made us aware of 3 things: 1- You would tell us the truth good or bad and 2- You would help us no matter what the outcome and 3-More importantly, if anyone could help us it would be you.

You were so well recommended we took a chance. 8 months of no sleep, 3 months working with "agencys" arguing with my wife, not knowing what to do and you helped us avoid foreclosure in 2 months and save almost 1200 dollars in our payment.

I thank you, my wife and kids thank you and this gift is a way of saying THANK YOU! Mr. Q. You and your daughter can come by [REDACTED] and get in for free and play for free for the rest of your life!

Thank you and God bless you. I believe Mr. Q!
