This past Saturday event on foreclosure prevention co-sponsored with Congressman Kendrick Meek at MDC was very well attended with between 500-800 present.

See attached overview for your files. I will have numbers for you of those that visited our table for information.

Thanks to Ibis Noda from CD for being a great addition to the team and to Mr. Carlos "Q" Quinones and his expert team (including an attorney, reverse mortgage specialist and an appraiser) who were present to assist and direct as to possible options to all homeowners.
